

Euro Oak Hardwood Sleepers

BOTANICAL NAME

Quercus petraea / robur

OVERVIEW

European Oak Hardwood Sleepers are an ideal choice for landscaping, combining timeless aesthetics with durability. With a beautiful natural appearance, these sleepers are versatile and perfect for creating retaining walls, garden borders, steps, and raised beds. Known for their longevity and resistance to decay, Oak sleepers require minimal maintenance and offer structural integrity. Their resistance to pests, weathering effects, and their environmentally friendly sourcing make them a sustainable and visually appealing investment for any outdoor project.
