

Joubert Okoume Plywood

BOTANICAL NAME

Aucoumea klaineana /

Entandraophragma Cylindrieum

OVERVIEW

The panels in the Joubert Marine range are of high quality and are recommended for the construction and interior fittings in the boat building industry, thanks to their lightweight and excellent resistance to damp conditions. Product is available in Marine Ply and Super Marine Ply in Okoume veneer. Further to this the product can be ordered with Sapele face/core veneers for greater durability.
