

Veneered Medium Density Fibreboard

OVERVIEW

A range of MDF with a real wood veneer on both sides. The most popular veneers are: American and European crown cut Oak, European quarter cut Oak, Ash, Maple, Cherry, Steamed Beech, American Black Walnut, quarter cut Sapele and Pine. Many more species are available on request.

Our standard range is available in 2440 x 1220 and in thicknesses 6mm – 26mm. However, we can offer other sizes to order.
